A TERRIBLE CRIME

Boy Attempts to Take the Lives of His People.

TWO MEMBERS DEAD.

Mother and One Sister Killed and Four Other Sisters so Badly Injured They Will Die—Boy Crazy

Over a Patent

Pittsburg, Oct. 10.—A boy named Charles Cawley, aged 17 years, of Homestead, Pa., killed his mother and one sister this morning at 2 o'clock with an ax. He also hacked four other sisters so badly they will die. He then attacked his elder brother, but the ax glanced off his head and the brother awoke. He jumped out of bed and knocked the would-be assassin down with a chair. He then took him to the police station.

The boy had gone daft as a result of the strain of perfecting an appliance for a patent on air brakes.

Some time about 3 o'clock Charles quietly arose, crept down to the cellar and secured an ax. Coming up stairs, he went into his mother's room where the victims were all sleeping. After turning up the light the maniac approached the mother's bedside and brought the ax down with such force that her skull was crushed. The mother evidently never knew what struck her; but the crazed son, thinking his first blow did not do its work, pounded the dead mother's head almost to a jelly.

Belle, the oldest daughter, slept throughout the time. Charles hurried to her side of the bed and struck her with the ax, then turned to the smaller children and struck each one over the head with the bloody weapon. Believing he had dispatched them all, he started for his two brothers' room, but James, the eldest, had been awakened by the groans in his mother's room, and as Charles entered he seized a heavy rocking chair, and after a fierce struggle overpowered him and turned the station Charles fought ferociously, but after being placed in a cell he calmed down and did not seem to realize what he had done.

SHOT SIX PEOPLE.

School Teacher Seeks Revenge from the Trustees and Suicide.

Winnipeg, Man., Oct. 11.—One of the worst tragedies in the history of western Canada is reported from Attoona, a small town near the North Dakota line. J. J. Towes, a school teacher, had had some trouble with the school trustees and meeting them in the road while going to school, drew a revolver and shot A. Rempel, J. Hiebert and P. Kehler. Towes then returned to the school house and shot two of the pupils, two of them daughters of Mr. Kehler, and the other a daughter of Mr. Rempel. He then turned the revolver upon himself, and will die. Rempel, Hiebert and two of the girls are fatally wounded.

Hunter Declared Elected.

Tuskahoma, I. T., Oct. 10.—The legislature has passed on the count of votes and declared the result showed a small majority for T. J. Hunter as governor of the Choctaw nation, and he was sworn in.

The senate confirmed the election of Hon. W. A. Durant as delegate to Washington, his appointment having been made by Governor Dukes last week.

Suicide of an Aged Broker.

New York, Oct. 10.—Having made and lost four fortunes and finding himself broken in health and almost penniless at the age of 70, Charles W. Lewis, a well known promoter and member of a leading Fifth Avenue club, ended his life with morphine. He was a native of England and had no relatives here.

Will Not Strike Water.

Boston, Oct. 10.—Experiments conducted by Prof. John Trowbridge of Harvard university have led to the definite statement that lightning will not strike water. By means of a battery of 6,000,000 cells he obtained a voltage of 6,000,000, which force, he says, is at least comparable to lightning and enabled him to deduce his conclusions.

Executed Brazilians.

Rio de Janeiro, Oct. 10.—The revolution in the territory of Acre continues. Bolivians have put to death four Brazilians at Puerto Alonzo. They also have arrested many other Brazilians and are holding them as hostages. Some inhabitants of Acre have taken into custody the secretary of the Bolivian government.

Sharkey Gives Bond.

New York, Oct. 10.—Thomas J. Sharkey, who is charged with being responsible for the death of Nicholas Fish, the banker, and who is under indictment for manslaughter in the first degree, has been released on \$7500 bail by Recorder Goff, after three weeks' imprisonment.

A DUEL IN ARKANSAS

Six Persons Engage in a Desperate Fight at Eldorado.

THREE MEN KILLED

Another of the Participants Is so Badly Wounded He Will Die and Two Others Received Slight Injuries in the Fight.

Eldorado, Ark., Oct. 10.—Three men were killed, one will die and two others were wounded in a shooting at fray on the streets here late Thursday afternoon.

The dead: H. L. Dearing, constable. Tom Parnell, farmer. Walter Parnell, farmer.

The wounded: Guy B. Tucker, city marshal, shot six times and will die.

Dr. Hilton, wounds not serious. Jim Parnell, not serious.

The shooting is the sequel to the killing on Sept. 18 here by H. L. Dearing, of Robert Mullens, which followed a wedding.

On Sept. 17 a Mr. Puckett of Texarkana arrived in the city to marry Miss Jesse Stevenson, who was employed in Mullens' photograph gallery. The following morning he called at the studio to see the young lady and was attacked by Mullens and forced to flee for his life, leaving his horse and buggy, Mullens claiming that he (Mullens) was engaged to the young lady. Puckett returned with City Marshal Tucker and secured his horse and was that night married under the protection of the officers, taking the night train for Texarkana. They heard that Mullens intended to intercept them at a small station several miles away and asked Marshal Tucker and Constable Dearing to accompany them, which they did. When the station, which is known as McMullan, was reached Mullens was on the platform and was arrested as he back to this place where he was released on bond late in the afternoon.

At 6 p. m. Mullens met Constable Dearing on the street and attacked him for the arrest. In the scuffle Dearing shot Mullens with a pistol and the latter died the following morning.

The Parnell boys were friends of Mullens and Thomas Newton was a friend of Dearing. Some time ago, it is alleged, Newton accused the Parnell boys of setting fire to his house and a few days afterward Newton was stabbed in the back, but by whom was not determined.

Since the killing of Mullens all parties have been going heavily armed. Thursday morning Jim Parnell and Newton had some words but no one was injured. It seems that both prepared for trouble and it was when they met. It was at 4:30 that Dearing, Tucker and Newton were walking along in front of the Union Grocery company on the east side of the square when they met the three Parnell brothers. Jim Parnell is said to have fired at Newton and in an instant the fusillade began. About seventy-five shots were fired and it sounded like a regular battle. The men were so close together that their aim was deadly. It developed into a man-to-man affair, Dearing and Tom Parnell emptying their several pistols at each other at a distance so close that when they fell, unable to shoot any more, their bodies formed a cross. The others were firing promiscuously. Tucker was shot six times and will die. Dr. Hilton, who tried to separate the men, was also shot, but not fatally.

It is said that just as the smoke was clearing away Newton saw Jim Parnell standing over the bodies of the three dead and two wounded men and ran up and pointed his pistol at his head.

"My gun is empty" said Parnell, throwing the weapon to the ground. Newton did not take advantage of the unarmed man and did not shoot.

Troops Ordered to Eldorado.

Little Rock, Oct. 10.—In compliance with a request from the sheriff of Union county, Governor Davis has ordered a company of the state guard at Eldorado on duty to suppress trouble and preserve the peace. The governor was advised that excitement runs high in Eldorado in consequence of the tragedy there. Telephone messages from Eldorado state that every precaution is being taken by the authorities to prevent further trouble.

Superintendent's Report.

Austin, Oct. 10.—The report of Superintendent Searcy Baker, covering the month of September, shows that 3865 convicts were on hand Sept. 1. During the month 59 new ones were received, 2 recaptured, 3 returned by sheriffs, 85 discharged, 13 pardoned, 6 escaped, 10 died and 6 delivered to sheriffs. The total number of convicts on hand Sept. 30 was 3809.

J. J. Dodson, general merchandise, at Hondo, Tex., has assigned, with liabilities of \$12,000; assets unknown.

VETERAN SCOUTS MEET.

Buffalo Bill and Other Scouts Among the Number.

Guthrie, Okla., Oct. 9.—A second meeting of Old Army Scouts occurred here yesterday, the first having been held in Oklahoma City two years ago. Those in attendance were Col. Wm. F. Cody and James Geary, who served under Cody when the latter was chief of scouts under Gen. Sheridan; Ben Clark, chief of scouts under Gen. Miles; Jimmy Morrison,

a scout under Gen. Hancock; Amos Chapman, who served under Gen. Custer as a scout, and Charles Howard, who was a scout under both Custer and Miles. The latter is now a Government Internal Revenue Collector; Clark is in the regular army.

Rough Rider Married.

Guthrie, Ok., Oct. 9.—The wedding of William McGinty, the Oklahoma Rough Rider, who made a record at San Juan hill under Roosevelt, and who is known here today, his bride being Miss Mollie Pickering, a prominent young woman of Ingalls, Ok. Both are owners of homesteads in Eastern Oklahoma, where they will live. McGinty has been with Buffalo Bill's Wild West since the Spanish-American war.

Clean Up! Clean Up!

Notice is hereby given that the streets and alleys of the city must be cleaned up at once. All boxes, barrels and other rubbish must be removed from the back doors of business houses. T. P. Boyett, City Marshal.

Exhibits for the textile department at the fair are now being received at the exhibition hall at the grounds. No exhibits for this department can be received after 10 a. m. Monday.

Each grade the best for the price, whether in Derbys, Panamas, Fedoras or staple shape. Call & see fall styles.

HUNTER & ...CHATHAM.

CUBA INDIFFERENT.

Shows Hostile Amendment Dictates.

Washington, Oct. 10.—The situation as to Cuba is such at present as to give officials here great concern. It is feared that Cuba is drifting away and evidence is multiplying day by day to mark the growth of a spirit of indifference toward the cultivation of friendly commercial relations with the United States that almost borders on hostility. The best efforts of the state department thus far have failed to secure the adhesion of the Cuban government to the treaty, which by the terms of the Platt amendment must be entered into between the two governments. The delay is all on one side, namely, at Havana, for Secretary Hay and the Cuban minister, Senor Quesada, have performed their part in drafting a treaty which, it is believed, carries out the intent of congress. That treaty is now awaiting the approval of the Cuban government, which approval is withheld, not with any expressed intention of rejecting the convention, but through what is regarded here as the natural inertia of the Cubans in diplomatic matters.

This treaty provides for a considerable measure of reciprocity between the United States and Cuba, and while it is true that the Cubans believe that the United States has been rather niggardly in the arrangement of reciprocity schedules, those objections are not regarded as sufficient to account for the great delay in concluding the treaty. However, there is no intention it is said, to resort to any undue pressure on the Cubans, so long as there is no discrimination against the United States and in favor of another country. It is believed that as Cuba is the principal sufferer from lack of treaty relations with the United States internal pressure will soon force action on the pending convention.

Both Legs Cut Off.

Sherman Tex., Oct. 10.—Leon Anderson, aged 22, a switchman, fell under a Frisco engine here. Both legs were ground off above the knee. His injuries are probably fatal.

Next Meeting at San Francisco.

Washington, Oct. 10.—San Francisco has been selected as the place for holding the next encampment of the Grand Army of the Republic.

Have you seen the colors in silk crepon for waists at Wagner & Brandon's?

Heavy skirtings, such as P Cloth, Canvas meltons, Zibbe etc. at Wagner & Brandon's.

FURTHER SENSATION.

Coffins Buried Without Bodies in the Cemeteries of Indianapolis.

Indianapolis, Oct. 10.—Rufus Cantrell, a member of the grave robbers gang under arrest in this city, was again taken to the Mount Jackson cemetery Thursday. He said he could show that there were coffins buried in the place without bodies. One of the graves was opened. Before reaching the coffin, Cantrell said:

"Now, you will find the glass broken. It is a trick of the undertaker to make it appear that the body was stolen from the grave."

Cantrell opened the box and disclosed the coffin. It was empty and the glass was broken. The coffin was a cheap affair, and the opening where the glass had been was not more than eighteen inches wide. The lid was securely fastened.

"You see," said Cantrell, "that a body could not have been pulled out of this box without removing the lid. The man supposed to be buried here was Dorcie Snowden, and he weighed more than I do. The family paid for a good coffin. This one is a \$6 pauper box."

NEW COMMANDER.

General Stewart Head of the Grand Army of the Republic.

Washington, Oct. 10.—The Grand Army of the Republic got down to business Thursday and the encampment of the order, besides hearing the address from Commander-in-chief Torrance and reports from a number of officers and committees, elected a new head for the ensuing year. The new commander-in-chief of the Grand Army of the Republic is General T. J. Stewart of Pennsylvania, who was a leading candidate for the honor a year ago. His competitors Thursday were General John C. Black of Illinois, a former commissioner of pensions, and Colonel John McElroy of this city. The name of General Daniel Sickles of New York City was presented to the convention, but he withdrew from the race.

William M. Olin of Massachusetts was elected vice commander-in-chief, and J. M. Averill of Georgia junior vice commander-in-chief.

Aside from the election of these officers, the most interesting feature of the encampment was the report of the pension committee of the G. A. R.

TROUBLE FEARED.

Organization of Choctaw Legislature Causing Much Bitterness.

Muskogee, I. T., Oct. 10.—United States Indian Agent Shoenfelt is in Tuskahoma with the entire Indian police force and all the deputies of the United States marshal of the central district trying to keep peace during the organization of the Choctaw nation legislature.

McCurtain and Hunter forces are contending for the governorship and both factions are ready to fight. Several times one or the other faction has taken possession of the legislature building. They were driven by Shoenfelt and his forces. The legislature is deadlocked and has been for days.

Both sides are growing sullen and Shoenfelt wired headquarters Thursday afternoon that the situation is very grave.

Steamers in Collision.

Charleston, Oct. 10.—At half past two Thursday morning the Clyde Liners Apache and Iroquois crashed together in the harbor with damaging results to both ships. The collision occurred off Fort Sumpter, S. C., through a mistake of signals, the two ships coming together at half speed with a great jar. A hole ten feet long was stove in the Iroquois and one of twenty feet in the Apache. Both holes extended below the water line and the Apache took in a rush of water causing her to ground in comparatively shallow water. No lives lost.

Mrs. Nation at Guthrie.

Guthrie, Ok., Oct. 10.—Mrs. Carrie Nation, the temperance advocate, formerly of Dewey county, Oklahoma, but now of Kansas, arrived in this city from Texas Thursday night. This is her first visit to Oklahoma since she became famous. She began work here by jerking a cigar away from a man at the depot, then going to a saloon and berating the owners. Then she fell in with the Salvation Army and marched to their hall and lectured to a crowd of 1000. Saloons are all guarded against demonstrations by Mrs. Nation.

Nearly all the county candidates
spent yesterday with the "dear
people" at Edge.

Major John M. Burke, for 31
years with Buffalo Bill, was in the
city yesterday making final ar-
rangements for the great enter-
tainment at Bryan, Saturday, Oct.
18. Major Burke says the genu-
ineness of everything advertised is
the most notable feature of the
great Wild West, and that which
has won world-wide approbation.
Major Burke says that Buffalo
Bill's Wild West carries 30 head of
bucking horses. Anyone having
a confirmed "outlaw" horse should
bring it here for the performance
to be given in Bryan. It will be
tried by the cowboys and if it
proves vicious and untamable
enough Col. Cody will purchase it
to take to England.

The Bryan compress has pressed
13,000 bales of cotton to date this
season. Twelve thousand bales of
this amount were received by wag-
on, and 1000 by rail. The round
bale press at the oil mill ginney
has turned out 1975 bales this se-
ason. There is also a considerable
amount of unpressed cotton in the
warehouses and yards.

Prof. J. T. Truitt, who has been
quite ill for the past week is rap-
idly improving; however, he finds
himself so broken down that he
will take a rest spell of several
months. Prof. R. O. Allen left for
Austin last evening to get a man
from the University to fill Prof.
Truitt's place until his health is
restored.

For Sale—Six room house, three
lots of ground, underground cistern,
out houses, all in first-class condi-
tion, south front, half way between
courthouse and Allen Academy. A.
W. Hollman. 282

The Allen Academy boys are
preparing for a horse-back parade
next Tuesday, and owing to the
great number of boarders they are
having difficulty in finding mounts.
Any friend of the school who has a
horse to spare will confer a great
favor by reporting same to Prof. J.
H. Allen today.

Coupon season tickets for the
Central Texas Fair are on sale at
Parks & Waldrop's, Hunter &
Chatham's, Dr. N. M. McDougald's,
James & Hart's and Haswell's. '66

Start the gala week off right by
taking a ride on the Merry-go-
round Monday the 13th. The al-
tar society of the Methodist church
have chartered it for that after-
noon and night. 265

The Georgia minstrels gave an
excellent performance at the opera
house last night. The Georgias
are making their twenty-eighth
annual tour, and have the most
successful colored show ever or-
ganized. They are carrying a
fine band and orchestra.

Mr. J. A. Thompson of Tabor,
has accepted the position of princi-
pal of the Prairie Lea school, in
Caldwell county, and left for that
place yesterday to take charge of
the school.

The town is being cleaned up
and brilliantly lighted for the fair.
The business men of the city will
no doubt join in and decorate their
store fronts for Bryan's gala week.

Wanted—Five or six room house
in east part of town convenient to
business. Will pay six months
rent in advance. Address P. O.
box 135. 367

The grand opening parade of the
Central Texas fair will end at the
fair ground gates. All floats, ve-
hicles and parties entering must be
provided with tickets in advance 6

Judge J. C. Scott was here from
Franklin yesterday and concluded
the business of the district court.
A few more divorces were granted.

Lost—A round, frosted, solid
gold brooch with pearl set miss-
ing. Return to this office. 264

Why pay 98c for broadcloth that
you can buy at Wagner & Brandon's
for 85c? 265

Miss Bettie Johnson has charge
of the floral exhibit at the Central
Texas fair, and will take charge of
contributions of flowers on Mon-
day. Everyone who wants to see
this department made beautiful
and attractive should help by con-
tributing to the floral display. 265

The roping contests at the fair
Wednesday morning and Thurs-
day afternoon are attracting a great
deal of attention.

The largest and most legant
line of cut glass ever seen in Bryan
has just been received and placed
on sale at John M. Caldwell's. '69

Lost—Near the fair grounds 1 pair
American Girl and 1 pair W. L.
Douglass shoes. Finder will get re-
ward by returning same to Burt Nor-
wood. 265

Cards are out announcing the
marriage of Mr. Louis Fuller, Jr.,
formerly of this city, to a young

and \$2.50 are big values.

MISS SARAH FINLEY

Vice-President of the Palmetto Club, Memphis, Tenn.

WINE OF CARDUI is a thoroughly scientific and modern remedy, meeting the needs of the modern woman in the modern way—without the torture of an operation. Wine of Cardui has cured them in the privacy of their homes and it has found a place in the hearts of American women that no other medicine has found. In their gratitude over 10,000 American women have written letters commending Wine of Cardui. Wine of Cardui meets their wants as no other medicine does. It sustains the young girl at the shock of her entrance to womanhood. Women who take Wine of Cardui have little discomfort during pregnancy and little pain at childbirth. When the change of life appears they enter a happy, healthy old age. Every month it comes to the rescue to assist Nature in throwing the impurities from the body.

Miss Sarah Finley

following praise on Wine of Cardui:
"Among the numerous medicines placed before suffering women for their relief none can touch McElree's Wine of Cardui. It towers above them all as a reliable female remedy. It simply drives pain and disease away and restores health in an incredibly short period. I have taken great interest in this medicine for the past two years, since it brought health and strength to me. I have also recommended it to a number of my friends and they who have used it speak of it in the highest terms and I feel that it is praise well bestowed."

If you are suffering from female weakness Wine of Cardui is the medicine you need.

You can have health the same as Miss Finley if you will take the Wine of Cardui treatment. If you need advice further than the complete directions given on the bottle, address The Ladies Advisory Department, Chattanooga Med. Co., Chattanooga, Tenn.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

The New Mineral Water

HEPTOL SPLITS IS "IT."

Thinking people now realize that dosing the system with Calomel, Pills and other strong purgatives is a grave mistake and very injurious. The physical organs occasionally become tired and fail to respond to the duties of nature, thereby clogging the system and then a stimulative laxative is required to remove the accumulated poisons and to again start in motion the vital machinery; for this purpose some mild non-injurious remedy should be used. That is what

Heptol Splits

are for,

DELICIOUSLY PALATABLE,
GENTLE IN ACTION,
GRATIFYING IN RESULTS.

Heptol Splits meets the approval of all. Everyone should take Heptol Splits. Don't you be the last to try it. Sold at drug stores, soda fountains, cafes and bars at 15c a Split. Manufactured by the Morrison Drug Co., Waco, Texas.

Bituminous Miners May Strike.

Denver, Oct. 10.—Telegrams have passed between the officials of the Western Federation of Miners and President Mitchell of the United Mine Workers looking to a complete tie up of all bituminous coal mines in the United States and Canada. The telegram of President Meyer and Secretary Haywood of the Western Federation says:

"Emergencies demand that no coal of any kind be mined in the United States until the anthracite strike is won. The Western Federation of Miners will co-operate to this end."

Mr. Mitchell's response: "Telegram received. Shall give careful consideration to your suggestion. Many thanks for the proffer of co operation and assistance."

More Ammunition Seized.

Scranton, Pa., Oct. 10.—One thousand rounds of ammunition was seized and confiscated at the Delaware and Hudson freight station at Olyphant Thursday by order of Colonel Wattres of the Thirtieth regiment. This makes 2500 rounds of ammunition that has been confiscated in the anthracite district commanded by Colonel Wattres within the past two weeks.

The ammunition was consigned to Bastiano Passano, a leader among the Italians in upper Lackawanna county. Passano was placed under arrest as he was about to receipt for and remove the ammunition from the freight station.

Tree Fell Upon Him.

Bastrop, Tex., Oct. 10.—Juan Timothy, an old Mexican servant of Tom Smith, was killed by a tree falling on his head here. He cut the tree down himself, and it is supposed made a mistake as to the direction in which it would fall. He was found mangled under the tree in a dying condition and died in a few hours.

ALL EFFORTS FAILED.

Conference on Coal Strike at New York Postponed to Tuesday.

New York, Oct. 10.—Senator Platt refused to say anything about the probable outcome of the conference Tuesday, but later said a representative of J. P. Morgan would possibly be present today, and all operators who were there Thursday would be present.

Senator Penrose said he had no comment to make on the situation, but there had been no new developments during the night.

President Mitchell declined to answer any questions, except to say he expected to go home today. Later when asked if there was anything definite in the strike situation, he replied, "No."

Senators Quay and Penrose of Pennsylvania and Senator Platt and Governor Odell went into conference in Senator Platt's office just before noon. Chairman Thomas of the Erie and President Baer of the Reading railroads reached Senator Platt's office and went into conference soon afterwards. The conference broke up soon after 1 o'clock.

After the meeting Senator Platt stated that everything had been put off until Tuesday. Chairman Thomas of the Erie road said no conclusion had been reached.

WITHOUT RESULT.

Conference at New York to End the Coal Strike Without Effect.

New York, Oct. 10.—Replete at its opening with a promise of a solution of the long drawn out struggle between the United Mine Workers of America and the operators of the anthracite properties in Pennsylvania, Thursday closed without apparent appreciable progress toward an agreement upon the issues in controversy. Most noteworthy of the day's events was a conference at the office of Senator Thomas C. Platt at which there were present among others, the two senators from Pennsylvania and the governor of New York and nearly all the heads of the big corporations controlling the anthracite fields. In all seeming this conference had a contrary effect to that which had been hoped from it and the operators departed declaring adherence to the policy they have followed from the first of resisting the demands of the miners union to the bitter end. There were other conferences during the day in which President Mitchell and people of more or less consequence in the industrial world participated, but all as far as can be learned, were barren of results.

Want Action Against Union.

New York, Oct. 10.—David Wilcox, vice president and counsel for the Delaware and Hudson Railroad company and one of those present at the recent conference called by President Roosevelt at Washington, has sent to President Roosevelt a letter demanding that the federal government proceed against the miners' union in the courts on the grounds that it is in a conspiracy to prevent interstate commerce. Wilcox, it is said on authority, represents all the coal operators in this section, and was selected as their spokesman.

Dispersed a Mob.

Shamokin, Pa., Oct. 10.—All the collieries in this vicinity were guarded by troops Thursday night. Soldiers dispersed a mob that attacked the coal and iron police and non-unionists going to work.

No Tidings from Garrett.

Laredo, Tex., Oct. 10.—No tidings as to the whereabouts of United States Consul Alonzo B. Garrett of Nuevo Laredo, who was last heard of Sept. 9, have yet come in. Both the Mexican government and United States Consul General Hanna at Monterey have searching parties out in the Sierra Madre mountains, but no news has been brought in yet.

Boy Accidentally Killed.

Beaumont, Tex., Oct. 10.—Emmett O'Donnell, a boy aged about 10, was shot in the forehead here by Geo. Robinson, a playmate, aged 12. The ball entered the brain and the little victim died instantly. The two boys were practicing with a 22-caliber rifle, shooting at empty bottles. Coroner Dies held an inquest and returned a verdict of accidental homicide.

Coal at Mineral Wells.

Mineral Wells, Tex., Oct. 10.—The company boring for fresh water in the eastern part of town for the citizens of Mineral Wells struck a vein of coal three feet or more in thickness at a depth of 313 feet. Work has been temporarily suspended. There are also strong traces of oil in this well. The coal shows signs of the finest quality.

Awarded Damages.

Hillsboro, Tex., Oct. 10.—Ed Kelt was awarded \$5000 damages against the Cotton Belt. He alleges that in passing from one coach to another he was knocked off the train on account of faulty platforms and that his leg was broken in two places. Other disabling injuries are also alleged.

Killed Himself and Children.

Omaha, Neb., Oct. 10.—Mrs. Henry Haubens and two sons, aged 10 and 12 were found dead in their home. The windows were closed, key holes plugged, and the gas jets all turned. Apparently it is a suicide on the part of the mother and a destruction through her act of the lives of the boys.

Investigate Stoppage of Mail.

Houston, Oct. 10.—Postoffice Inspector Anderson has been ordered to New Orleans to investigate interrupted mail by the street car strike. Marshal Hanson and Attorney McLemore of the Federal court are ordered to Laredo on a similar errand.

NEW ORLEANS STRIKE.

Governor Trying to Settle the Strike Before Resorting to Force.

New Orleans, Oct. 10.—Heavy rains this morning materially reduced the crowds of strikers and their sympathizers in Canal street in vicinity of car barn. Anticipating, however, there might be an early attempt to run cars and to give justification for promptly ordering the military from their armories Chief Journee sent ten wagon loads of policemen to the scene. Mail cars were run as usual but no effort made to operate cars for the benefit of the public. If inclement weather continues there will be probably be fierce public demand for immediate arbitration.

The feed wires on Canal street were cut during Thursday night from Claiborne to Prieur street and until they are repaired no car can be run over the Canal street line.

Governor Heard was up early and in conference with military officials. The St. Charles hotel at which he has headquarters was thronged with citizens, railway's officials and staff officers.

Governor Heard, accompanied by Attorney General Gulon, went to the city hall and met Mayor Capdeville. After a short conference between those officials messengers were sent summoning the leaders of the strikers to the hall. The governor has hopes of peaceable adjustment. If that fails the situation will be taken hold of with strong hands.

The president of the Carmen's union and twenty-one of the executive committee answered promptly the summons of the governor.

After the conference with the governor those present refused to say what took place there. The strike leaders only said the men would hold a meeting at their hall to discuss suggestions made by the mayor and the governor.

AUSTIN NOTES.

Railroad Commission Not Afraid of an Injunction by Railroads.

Austin, Oct. 10.—Advices have been received from Beaumont to the effect the railroads entering Beaumont are talking about securing an injunction restraining the railroad commission from putting into effect its order providing for the movement of oil tank cars and furnishing the same, as the order caused a blockade. The fact that the commission's order is not to be in effect until Oct. 13, the commission ridicules the idea of the railroads suing for a writ of injunction. Complete inspection has been made of the situation by one of the commission's experts, and will report soon to the commission.

E. D. Courtney of Indiana had a conference with the governor and insurance Commissioner Johnson regarding the establishment of three or four experimental farms in north Texas to raise macaroni wheat which is an entirely new industry in Texas.

State Health Officer Tabor has returned from New Orleans where he went to confer with the Louisiana state board of health regarding the quarantine of business. He is very reluctant about his mission but learned that New Orleans made a big cut in fees for fumigating foreign vessels and Galveston people wanted Texas to meet the cut, but Texas declined to cut the rates.

People of Austin and Bluff Springs, Creedmore and other parts of Travis county are still considerably excited over the earthquake of Thursday afternoon. Some people believe that Pilot Knob or Round mountain was state eruption. The shock lasted several seconds.

READY FOR A FIGHT.

Padilla Lying in Wait for the Colombian Gunboat Bogota.

San Francisco, Oct. 10.—Officers of the steamer Acapulco, which has arrived here from southern ports, state they saw the Colombian revolutionist gunboat Padilla about twenty miles below Punta Arenas, Costa Rica, hove to and apparently lying in wait for the steamer Poas, which was some time ago purchased from Costa Ricans by the Colombian government for use as a warship.

Officers of the City of Sydney, which arrived here a week ago, have a high opinion of the gunboat Padilla and express the opinion that she is more than a match for the government gunboat Bogota, now on the way to Panama from this port.

Not Half Crop of Cotton.

Georgetown, Tex., Oct. 10.—The condition of the cotton crop in this section is still very alarming. There is no great improvement by reason of recent rains and favorable weather. The boll weevil is as numerous as heretofore reported from this section. They have scarcely left a boll unpunctured. Taken as a whole, the cotton in this vicinity will not make half a crop by several thousand bales.

May Appoint a Commission.

Washington, Oct. 10.—There is intimation that the president will appoint a commission to investigate the coal strike, in line with his suggestion to Mitchell, if a settlement fails, with the view to a thorough investigation of the whole subject of strikes and for the purpose of securing data upon which to base recommendations to congress.

Failure at Fort Worth.

Fort Worth, Tex., Oct. 10.—The Texas Fixture company made an assignment here for the benefit of creditors. Morgan Bryan was made the assignee. The indebtedness is about \$15,000. It is said the failure is partially due to many counties going dry, reducing the demand for saloon fixtures.
